

XLTRB – XLReporter Overview

Who Should Take This Course:

New Users, System Integrators and all developers of XLReporter

Tuition:

\$995 billed in advance with Check, Credit Card or Purchase Order

Overview:

This course is designed to provide a good working knowledge of XLReporter. Valuable hands-on lab exercises are provided to guide students through the building and modification of reporting solutions using many components of the software.

The number of attendees to the course is limited to maximize the amount of personal attention.

Location:

The training session will be performed either on-site or in a training facility at a nearby hotel.

Attendees will be furnished with all the equipment necessary for the training course. Attendees may optionally bring a laptop with a minimum system configuration of Windows XP and Microsoft Office 2003.

Pre-requisites:

User level knowledge of Microsoft Windows Operating Systems and Microsoft Excel is preferred. Familiarity with process control and your reporting needs would also be helpful.

Topics:

Day 1

A Tour of XLReporter
Creating a Project
Reporting from Real Time
Viewing Reports
Reporting from Historians
Web Reports

Day 2

Reporting from Databases
Interactive Reports
Reporting from Analytics
Interactive Forms
Emailing Reports
